

Be a Faith Climate Justice Voter, pledge today!

"I pledge to protect our Sacred Earth and to ensure that everyone is cared for.

I pledge to be a Faith Climate Justice Voter and to care for every living creature and every community suffering the impacts of our changing climate — from extreme heat, to wildfires, to devastating droughts, to flooding, to more frequent and supercharged storms.

By pledging to be a consistent voter and to vote with climate justice in mind, I am communicating my values of caring for our common home and protecting our children's future."

You pledge to vote. We remind you to keep your word. It's so easy. And it works.
